We want best healthcare at the lowest cost: PM

Posted at: 30/06/2018

Highlights

- Prime Minister Narendra Modi laid the foundation stone for the National Centre for Ageing at the All India Institute of Medical Sciences (AIIMS).
- The Prime Minister inaugurated a 1-km motorable tunnel connecting the AIIMS main building to its trauma facility to transfer patients and their relatives, doctors, instruments and medicine.
- He said the government's vision was not limited to providing modern hospitals and medicines and hence it introduced a national health policy to ensure low-cost treatment for every citizen and to eradicate the causes of diseases.
- He talked about the National Health Protection Scheme which aims to provide a cover of ₹5 lakh a family a year to 10 crore vulnerable families.
